Who We Are

We're a small, creative and hands-on team based in the South-West England, delivering big visions for events countrywide. With over a decade of experience in event production, we create installations for weddings, private parties, live shows, festivals, commercial installations and beyond.

We ensure each installation lands the attention to detail and creative ingenuity that truly delivers something unique - we're always up for a new challenge!

Have An Idea?

- ◆ Bring us an idea, no matter how big or small, and we'll collaborate with you to produce designs and a production plan to achieve your final vision.

Alternatively, tell us exactly what you want and we'll make it happen!

- ◆ We'll always confirm fabric samples with you ahead of any installation. If you have any specific colour or material requirements for an event, just let us know.

Pricing

- ◆ Elements we factor into pricing include the type of fabric required, the scale and coverage of installation, installation logistics and venue specifics.
- ◆ We welcome working to match budget requirements for a project, and we will always strive to spec a job accordingly.
- ◆ Get in touch with a project enquiry and we'll happily provide a quote estimation.
